THATO NTLATI

Data Science Student | Technology Support | Data Analytics
Nigel, Johannesburg | +27 81 060 9532 | cosmicneetro@gmail.com

PROFESSIONAL SUMMARY

Data Science student with experience in technical support, data analysis, program coordination and student leadership. Skilled in programming, statistical inference, machine learning, predictive analytics and data modeling. Experienced in troubleshooting hardware and software, supporting technology users, coordinating teams and evaluating program performance through data analysis. BSc in Information Technology majoring in Data Science, expected November 2026.

CORE SKILLS

- Programming — Advanced
- Machine Learning — Intermediate
- Data Modeling — Intermediate
- Technical Support
- Software Installation and System Configuration
- Program Coordination
- Team Leadership
- Statistical Inference — Advanced
- Predictive Analytics — Intermediate
- Statistical Programming — Intermediate
- Hardware and Software Troubleshooting
- Data Analysis
- Stakeholder Engagement
- Budget Planning

PROFESSIONAL EXPERIENCE

Computer Lab Assistant | University of the Free State
Feb 2025 – Nov 2026
- Maintained and troubleshot computer hardware and software to support lab availability and minimize downtime.
- Provided technical support and user guidance in a computing environment.
- Managed software installations and system configurations to maintain workstation compatibility and performance.
- Monitored equipment usage and coordinated lab access to maximize resource utilization.

Manager of STEM Programs | GKSS x UFS
Feb 2026 – Nov 2026
- Develop strategic partnerships with educational institutions to expand program reach and student participation in STEM initiatives.
- Coordinate curriculum design and implementation in alignment with industry standards and learning outcomes.
- Manage budget allocation and resource planning to support program efficiency and cost-effectiveness.
- Oversee training and supervision of program staff to maintain quality delivery and team productivity.
- Evaluate program performance through data analysis to inform continuous improvement and stakeholder engagement.

President | UFS IT Student Association
Jan 2026 – Nov 2026
- Develop initiatives to increase participation in IT events and improve member engagement.
- Coordinate collaboration between students and faculty to align projects with academic standards.
- Oversee budget planning and resource allocation to improve operational efficiency.
- Facilitate communication across student groups and implement feedback mechanisms to improve organizational responsiveness.

Vice-President | UFS IT Student Association
Feb 2025 – Nov 2025
- Coordinated communication with members and external partners to strengthen participation and relationships.
- Planned and executed workshops supporting professional development within the IT student community.
- Facilitated conflict resolution and supported collaborative team performance.
- Monitored budgets and supported financial compliance across association activities.
- Managed member onboarding to support smooth integration and retention.

Module Demonstrator | University of the Free State
Feb 2025 – Jun 2025
- Facilitated practical sessions and tutorials to improve student engagement and comprehension.
- Prepared and graded assessments and provided timely feedback.
- Monitored student progress, identified learning gaps and tailored academic support.
- Collaborated with faculty to update teaching materials and led small-group discussions.

Hackathon Volunteer | Geekulcha
Sep 2025
- Supported participant registration, technical setup and event operations.
- Resolved equipment issues and guided teams through rules and submission processes.
- Coordinated with sponsors and vendors and collected participant feedback.

EDUCATION

Bachelor of Science in Information Technology, majoring in Data Science
University of the Free State | Feb 2024 – Nov 2026 | GPA: 3.5

COURSES AND CERTIFICATIONS

Data Science Essentials with Python — Cisco Networking Academy (Sep 2026)
Leading with a Digital Mindset in the Age of AI — LinkedIn Learning (Oct 2024)
Digital Skills and Competencies: Level 3 — University of the Free State (Oct 2024)
Digital Skills and Competencies: Level 2 — University of the Free State (Sep 2024)
Digital Skills and Competencies: Level 1 — University of the Free State (Jun 2024)
